Forward

Over the course of its lifetime, the InTeenimater has grown from one man's solo hobbyist venture to a team of dedicated individuals who have all contributed sizable portions of their personal time – both directly and indirectly – to make the InTeenimater what it is today. It has been said that it takes an entire village to raise a child. The InTeenimater is no exception! The InTeenimater has grown up dramatically since its inception back in 2005 and I would like to take a moment to recognize the individuals here who have made this possible. Please accept my apologies in advance if I have missed anyone.

And now...this:

Curtain Call

Finally, I would just like to personally thank “Mother Nature” herself – the illustrious and industrious Jenflower – who’s highly acclaimed Teen WooHoo mod served as the original foundation for this work. Her mod provides a battle-tested alternative for those looking for a simpler Teen WooHoo solution without the complications of teenage pregnancy. Jenflower’s mod may be downloaded free of charge [here](#):

And of course, thanks to the many developers in the community who have openly shared their knowledge, ideas, and discoveries in the spirit of community-development. Ultimately, it is you, the end user who benefits from this open exchange of ideas and talent and I’m proud to be a part of that circle of knowledge.
